SHARP

Be Original.

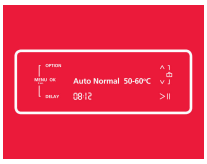

Leaks happen but with the Aquastop you have the peace of mind that if a leak is detected the water supply is shut off to protect you and your home.

Program your dishwasher so that it starts at a time that suits you.

When you have to fit every dish, glass, fork and pot into one load these machines can cater to even the largest of families or dinner parties.

Sharp machines like to keep you informed of everything that is going on within them with an easy-to-read set of displays.

An anti-bacterial system added to the filter kills 99% of bacteria in the wash. Take that germs.

Sharp puts safety first. If there is a disruption to the water flow these safety measures are designed to prevent damage to your home
